

SERVICES

It is easy to acquire C²'s services through GSA's MOBIS contract. The following is a brief description of the MOBIS contracting and the services C² offers:

SIN 874-1, CONSULTING SERVICES

C² has established itself as a leader in improving human performance through the application of behavioral science and technology. C² has completed a variety of successful research and development projects in the areas of strategic planning, business and action planning, performance management (i.e., performance measures and indicators), leadership systems and supervisory training, customized training, process and workforce productivity improvement, organizational and site assessments, program audits and evaluations, distance learning, and instructional systems development in practically every field of endeavor and for all types of personnel.

C² has conducted studies and analyses and developed reports, briefings, and summaries of the research findings as well as proposed developmental, consultative, and program implementation efforts.

SIN 874-2, FACILITATION SERVICES

C² has facilitated and provided decision support services on a variety of projects utilizing work

groups, self-directed work teams, and focus groups. C² has facilitated and convened small and large focus groups as part of front-end analyses, needs assessments, and program evaluations. Our staff uses a variety of technologies, including the use of GroupWare for problem solving, defining and targeting course objectives, and convening and leading large and small group briefings and discussions. Proceedings are recorded on-line and reported back to groups before adjourning.

SIN 874-4, TRAINING SERVICES

C² utilizes a variety of off-the-shelf training products that can be readily customized to meet a client's specific needs. These training packages include the following:

- Commercially available off-the-shelf products
- Off-the-shelf products developed by C²
- Off-the-shelf products developed by the client

These off-the-shelf products range in topics from customer services, crisis and disaster recovery, team building, leadership and management training, diversity, strategic planning, instructional systems development, distance learning, quality management, business process improvement, problem solving, and change management to software training. Computer-Based Training (CBT) Assessment/Evaluation/Survey Instruments Computer Disks
