What Our Customers Say...

"The Expeditionary Leadership course was truly interesting, captivating, and informative. It is exactly what our officers need to prepare them for (or help them review) combat deployment and operations. I could have used this last year, before deploying to ISAF in Kabul, Afghanistan."

Student, Squadron Officer College,
Expeditionary Leadership in Intercultural
Contexts online course

"Whether it is providing classroom instruction, courseware development, or new initiatives such as A-IO Precision Engagement ... your C² team continues to exceed my expectations."

"Your Site Manager and his entire staff are consummate professionals."

Customer leadership feedback on
EC-130/A-10 CAT/CWD

"An excellent working relationship existed from the beginning of the project until completion. There was always a 'can do' attitude and the customer interests were always placed first. The team members were very professional, courteous, and helpful throughout all phases of the project."

What Can C² Do for You?

We understand that individual warrior and organizational-level training are the foundations of mission success. We actively partner with our Defense Department, Joint, and Service Component clients to design, develop, and deliver products and services that incorporate proven leading-edge educational and training methodologies and technologies to enhance unit and individual readiness and enable mission capability. We will work with you to provide effective training solutions in live, virtual, and constructive environments — solutions that result in faster, more effective individual and unit-level training.

Let us help you with content development and delivery of:

- Web-based/Computer-based Training and Courseware
- Contract Instruction
- Video Production (AAR Support)
- Modeling, Simulation, and Virtual Learning Scenarios
- Survey Design and Management
- Evaluation and Assessment
- Mobile Platform Delivery (iPhones, iPads, Androids, etc.)

C²'s staff includes former military members who bring innovative, world-class products and services, and lifecycle maintenance, to our DoD, Joint, and Service Component customers.

C² serves those who serve our nation by...

- Training over 1,000 aircrew students in the A-10, B-1, B-52, C-17, C-27, EC-130, E-8C
- Producing over 10,000 hours of courseware to include 6,500+ hours of highly engaging Interactive Multimedia Information (IMI)
- Developing formal lesson plans/instructor guides, participant/student guides, formal evaluations, weapon systems, prerequisite course requirements, and self-paced and collaborative interactive course work for all branches of the Armed Services
- Employing problem-based and scenario-driven collaborative simulations to prepare Soldiers, Sailors, Airmen, and Marines for the complexity of real-world application
